

WITH GRATITUDE

This website is more than a project. It's a piece of me. And it wouldn't have come to life without the care, insight, and generosity of some truly remarkable people. Thank you for your presence, support, encouragement, thoughtful feedback, and the quality you brought to every step.

Website Design & Copywriting

To the Next Ship team

Thank you for turning my scattered thoughts and half-formed ideas into something real and beautiful! You brought structure where I had chaos, and clarity where I had "kind of, sort of" thoughts. You made the whole process feel easy, human, and fun — and that made all the difference.

Photography

To Eszter Mészáros

Thank you for creating a space where I could simply be myself. You brought ease, warmth, and quiet confidence into the shoot — making the experience not just smooth, but genuinely enjoyable. The photos reflect exactly what I hoped for: smart elegance, authenticity, and the beauty of "less is more."

To Thinking partners & Loved ones

Thank you for being there — not just with thoughtful ideas, spot-on questions, and honest feedback, but with presence, trust, encouragement, and care. Thank you for believing all along that this would turn into something "good enough" or even more. That's what made it more than just a solo project - it became a meaningful creation shaped by real connections.

THANKS for being part of it.
